Vienna, July 6. N. S.

WE have received the following particulars of the Accident that lately happen'd at Raab in Hungary. A Roman Catholick Musketeer of one of the five Companies in Garriſon there, had by his Importunities got Leave of his Lieutenant Colonel to marry. His former Wife living in the Neighbourhood, and hearing of his Deſign, proteſted againſt it; and tho' the Fellow, when he was confronted by her, pretended to laugh off his firſt Marriage, he was ordered to Priſon; in the Way to which, as they were paſſing along, the Soldier watched his Opportunity, and ſlipt into the Jeſuites Cloiſter. The Governor Baron Lebenburg would fain have perſuaded the good Fathers to deliver him up by fair Means; but they perſiſting in the Refuſal, he wrote to the Council of War here for Orders how to proceed; and they directed him to ſurround the Cloiſter, and ſuffer no Body to go in or out. Mean while, the Biſhop and Cardinal Count Sinzendorf had order'd a Proceſſion to be made by the Jeſuits upon Corpus Chriſti Day, contrary to Cuſtom; during which, the Musketeer was to be convey'd to the Cathedral Church in a Jeſuit's Habit. The Soldiers who had by the Governor's Command ſurrounded the Cloiſter, would not permit the Jeſuites to make their Proceſſion; but the Prieſt that carried the Venerabile (or Hoſt) was reſolutely advancing, and the Jeſuites thruſt their burning Tapers into the Soldiers Faces; whereupon a Battle enſued, and ſeveral were wounded on both Sides; and the Prieſt who had the Venerabile in his Hand, was not able to prevent its falling upon the Ground, which put the Fathers into the utmoſt Confuſion; but the Soldiers knew a Deſerter that was juſt behind the Hoſt, and took him away. The Cardinal gave an Account of this Diſaſter to Father Tonnman the Jeſuit, his Imperial Majeſty's Confeſſor; and the Rector of the Cloiſter came hither himſelf: But they tell the Story another Way, to wit, that ſome Soldiers, by Order of the Commanding Officer, fell upon the Deſerter above-mentioned in a great Rage and with naked Bayonets, who flying to the Prieſt that carried the Venerabile for Refuge, they purſued him ſo furiouſly, that not only ſeveral Clergymen were thrown down, and terribly wounded, but the Pyx was broke to pieces, and the conſecrated Hoſt trampled under foot. Hereupon Orders are given for ſeizing the Soldiers concerned in the Fray, with their Subaltern Officer; and thoſe who are found Guilty will be ſeverly puniſhed.

The ſame Day the Spaniſh Plenipotentiaries receiv'd ſome Letters from their Court. The Sale of the India Company's Goods, which begins the 20th Inſtant is like to be very conſiderable, moſt of the Goods being valuable.

They write from Madrid, that the Effects of the Galleons being delivered to the Proprietors, has been of ſingular Service for the promoting of Trade thro'out the Spaniſh Kingdom, and that the Goods were all loading on board the Galleons with Expedition, the Merchants being impatient till they are ſent away. Letters from Florence import, That the Great Duke was daily holding of Councils on the preſent Affairs, and that the Senate had conſented with his Highneſs to withſtand the permitting any Foreign Prince to reſide in his Dominions during his Natural Life. They add, that ſeveral Ships arrived at Leghorn bring Advice, that they met at Sea two Corſairs of Algier who gave Chaſe to them, but by the Favour of the Night they eſcaped falling into their Hands.

London, Sept. 20.

On Monday laſt, in the Afternoon, the following Accident happened at Charles-Court Stairs in the Strand, near Hungerford-Market, to a young Child of Mr. Davies, a Watch-Maker in Black-Friars. The Child had been brought to Town from Hammerſmith, to be ſeen by Mr. Davies and his Wife: They having the Misfortune to live ſeparately, the Nurſe had carried the Child to its Mother, near St. James's Square, and afterwards went to the Place where Mr. Davies was waiting, in order to ſee them to the Water-ſide. When they came there, as the Nurſe was ſtepping into the Boat, her Foot ſlipped, and with the Infant ſhe fell into the Thames; it being High-water they ſunk. Mr. Davies plunged in after them, and brought up the Nurſe, who having quitted the Infant, it was unhappily drowned, and ſome Hours before they could find the Body.

Yeſterday Se'nnight at Night was interred in Bunhill-Fields Cœmitory, the Corps of the Reverend John Cumming, D. D. late Miniſter of the Scots Church in London: The Pall was ſupported by the Reverend Dr. Calamy, Dr. Earl,

Earl, Dr. Evans, Dr. Hughs, Mr. Wilcocks, and Mr. Mitchel; the laſt of which Gentlemen delivered a very handſome Funeral Oration upon the Occaſion. The great Body of People who aſſiſted in the Solemnity, was a ſufficient Proof of their Concern for the Loſs of ſo valuable a Friend; as are the Writings he has left behind him, (eſpecially that in Defence of the Doctrine of the Trinity) of his diſtinguiſhed Abilities and hearty Affection to the ſacred Truths of Chriſtianity. He has left ſurviving him a Widow and ſix Children.

On Tueſday Night laſt, a Perſon who lives in Seacoal-lane, Snow-hill, having ſome Words with his Wife, took a Cord and hung her up, in which ſhe would have expired, had not ſome of the Neighbours been appriſed of the Matter, and breaking open the Door, reprieved her, and cauſed the Man to be ſent to the Compter.

The Government conſidering the Caſe of the Smuglers, who from Time to Time had been committed to the Fleet, that they are not entitled to any Benefit from the Act for the Relief of inſolvent Debtors, a few Days ago iſſued out Warrants from the Treaſury to the Warden of the Fleet, to diſcharge ſuch Smuglers, and to take their own Bonds for their Appearance whenever required, and likewiſe that they never be guilty of the like Practices for the future.

Governor Adams, who lately came from the Eaſt-Indies, during the Time of his Government there, walking out one Morning to take the Air in his Garden, was ſuddenly encountered by a Tyger, which made at him very furiouſly; the Governor was obliged to engage him, which he did, and killed him on the Spot before any Body could come to his Aſſiſtance.

One Night laſt Week, a Clerk to a Gentleman, who lives in a back Yard in Cornhill, being it is ſuppoſed in a Dream, got out of a Window 3 Stories high, but fortunately fell upon a Penthouſe, which broke his Fall: He had got Part of his Clothes on; all his Cry was Thieves, Thieves; he was pretty much bruiſed by the Fall, but had no Limbs broken.

We hear, on the 10th Inſtant at Night, there happen'd a terrible Fire in the Town of Wootton-Under-Hedge; which conſumed 16 thatch'd Houſes; but we don't hear as yet what the Damages are in general.

We hear from Feverſham, That on the 12th Inſtant, a poor Man and his Wife quartering at an Ale-houſe there, were ſick, and the Wife in Danger of Death; which the Landlord ſeeing, removed the Woman to the Water ſide, in order to ſend her by the Hoy to London, where they formerly liv'd in good Circumſtances, and by Trade the Man was a Diſtiller, though now reduced; but when ſhe was brought to the Water-ſide, the Hoyman perceived the Woman was dying; and refuſed to take her on board, but ſent his Servant to acquaint the Overſeer that the Woman was dying; and he being a Man of more Buſineſs than Chriſtianity, took no Notice of it: So the poor Creature was left with her ſick Husband on the Key, and in the Night died, the poor Man lying by his dead Wife 'till next Morning, when being perſuaded to go to the Mayor, he was ordered to be taken Care of in the Work-houſe, and the dead Corps alſo to be carried thither. The miſerable Man however received but little of their Charity; for on Sunday Morning, he died alſo, and on Monday Night they were both buried in one Grave.

On Tueſday Morning one William Jones, going to Knights-bridge, was run over by a Gentleman's Coach coming out of Hyde Park into Piccadilly, the firſt Wheel beat him down, and the other running over his Breaſt killed him on the Spot.

The ſame Day George Pindar, Son to a Maſter Taylor in King-ſtreet, Weſtminſter, having had ſome Words with his Father about a young Woman he courted, hanged himſelf in his Garters upon one of the Curtain Rods of his Bed.

We here from Cund near Shrewsbury, that one Weſton, a noted Thief, was found ſhot thro' the Body near Hurſt Green.

We hear from Briſtol, That Skull, the old Man, condemn'd the laſt Aſſizes at Wells, for the Murder of Self the Bailiff and his Follower at Witcomb near Bath, which Murder was committed 13 Years ago, was brought laſt Wedneſday to be executed at Bath, and hanged in Chains at Odd Downs; but the Colliers roſe in a Body, and would not permit it: Whereupon he was convey'd to Wells, and there executed the next Morning in the moſt private Manner; and the ſame Day his Body was convey'd to Odd Downs, where a Gibbet was erected, but pulled down before they came, and being put up again, his Body in Chains was fixed thereon; but the ſame Night his Body and the Chains were entirely carried off, and are not yet found.

We hear from Glaſgow, that Mr. Muir, accuſed and tried before the Baillies of Regality for the Murder of Mary Purſel, (*ſee the Account in our Gazette* No. 46.) was acquitted.

We have an Account from Hampton in Suſſex, that laſt Monday one Barnſley, near Wicknel in the ſame County, was unfortunately drowned croſſing the Sands between that Place and Arundel Haven.

Octob. 4. Yeſterday there was a Board of Admiralty at the Admiralty-Office, when the Rope-makers attended with ſome farther Articles of Complaint (*See our Gazette No. 56. pag.* 2.) againſt the Clerks of His Majeſty's Rope-yard at Woolwich, which Complaints were received by the Board.

His

His Majeſty hath been pleaſed to grant his Royal Charter for incorporating Sir William Chapman, and Sir John Anſtruther, Barts. Sir Joſeph Eyles, Knt. Edward Harriſon, Eſq; (His Majeſty's Poſt-maſter General) and ſeveral other Perſons mentioned in the ſaid Charter, by the Name of the Governor and Company for working Mines, Minerals, and Metals, in that Part of Great Britain call'd Scotland.

Mr. Orator Henly having been a little merry in one of his late Advertiſements with the Envoy of Portugal, was ſent for to the Secretary's Office, and reprimanded.

We are inform'd, that Mr. Heath, a noted Mathematical Inſtrument-Maker, next the Fountain Tavern in the Strand, has in his Poſſeſſion a Load-ſtone of 9 Penny Weight and 18 Grains, that will take up 3 Pounds 4 Ounces, which, by the Curious that have ſeen it, is ſaid to exceed any Thing of that Kind in the World.

The French Cook at the Thatch'd Houſe Tavern in St. James's Street, went (ſeemingly in perfect Health) into the Earl of Pembroke's Houſe in St. James's Square, and died ſuddenly in the Hall, a few Minutes after he went into the Houſe.

The Cauſe of their Quarrel is it ſeems unknown; and as they were parted without much Difficulty, and neither of them received any conſiderable Hurt, it is generally looked upon to be only a Piece of *Theatrical Repreſentation.*

The ſame Day an unhappy Man one *Sturgis*, upon ſome Difference with his Wife, determined to drown himſelf in the River; and ſhe, (kind Wife) went with him, it ſeems, to ſee it faithfully performed, and accordingly ſtood by ſilent and unconcerned during the whole Tranſaction: He jump'd in near *Carpenter*'s Wharff, but was timely taken out again, before what he came about was thoroughly effected, ſo that they were both obliged to return home as they came, and put up for that Time with the Diſappointment.
